

BLENDED INTENSIVE PROGRAMME ERASMUS+ PROGRAMME

CALL FOR ERASMUS+ OUTGOING SHORT STUDENT MOBILITIES BLENDED INTENSIVE PROGRAMME – KA131 Clinical Skills Training for Pharmacists in General Practice academic year 2024/25

In the framework of the Erasmus+ Programme – KA131 Learning Mobility of Individuals, and on the basis of the results and the funds awarded under the project **Erasmus 2024-1-IT02-KA131-HED-000197602**, a call for **students' selection** is published to assign contributions to take part into the **BLENDED INTENSIVE PROGRAMME** named *Clinical Skills Training for Pharmacists in General Practice* hereafter referred to as "**BIP**".

This project leverages Participatory Action Research (PAR) to engage students in addressing some amongst the most pressing environmental challenges. By integrating virtual and in-person learning, students will develop practical expertise in applying remote sensing techniques to real-world problems.

The project will focus on complementary activities and training that can be offered to students who aim to become community pharmacists in order to help them managing all their new missions to the patients. Clinical skills are becoming increasingly important for community pharmacists as they take on more patient-facing roles in primary care (advice to patients, vaccination, tests, follow-up of treatment, etc). Not all European universities teach in-depth practical clinical skills in their Pharmacy studies.

During the virtual phase (26th May – 6th June 2025), students will form interdisciplinary teams and collaboratively identify a local environmental issue. They will then delve into remote sensing techniques, learning to analyse satellite imagery and other geospatial data to gain insights into their chosen problem.

In the in-person phase (9th – 13th June 2025), students will convene in DUBLIN (Ireland) to share their findings, learn from experts, and refine their research. Through field visits and hands-on exercises, they will further develop their remote sensing skills and gain a deeper understanding of the environmental context.

By integrating remote sensing with PAR, this project empowers students to become active agents of change. They will not only gain technical expertise but also develop critical thinking and problem-solving skills, equipping them to address complex environmental issues and contribute to a more sustainable future.

1. ELIGIBILITY CRITERIA

Applicants must fulfil the following compulsory criteria:

- To be duly enrolled at the University of Pavia for the entire duration of the mobility;

- To possess a proficiency in English language of at least a level of CEFR (Common European Framework of Reference for Languages). Students will be required to communicate and discuss fluently in English, take part in group activities and in general to treat any topic with ease;
- Students should ideally have knowledge in pharmacology, minor ailments, a good grades, no or few exam debts, and be senior students . This ensures a solid foundation for the project.
- Strong Interest in Clinical Pharmacy and Clinical Pharmacy Practice.

2. DETAILS ABOUT THE MOBILITY

The BIP **Clinical Skills Training for Pharmacists in General Practice** will take place **online** before the mobility in presence from 26th May to 6th June 2025 and in presence at the Trinity **University of Dublin, Ireland, from 9th - 13th July** (both included). The course will be considered completed and funded only if the participants will attend the full programme of the entire online part and of the 5 training days in presence.

University of Trinity college Dublin will provide the students with a certificate of attendance including the total number of hours attended together with the topics treated and the number of ECTS obtained (5).

3. MOBILITY GRANTS

3.1. The mobility grant includes:

- an **individual support** of 79,00€ per student for each day of mobility in presence aiming at covering accommodation and meals costs. 2 (two) days of travelling, immediately before and after the beginning and finishing date of the course can be added to the days of mobility in presence;
- a **travel support** as follows:

| Kilometres | Green Travel | Non-Green Travel |
|--------------------------|--------------|------------------|
| Between 10 and 99 KM | 56 | 28 |
| Between 100 and 499 KM | 285 | 211 |
| Between 500 and 1999 KM | 417 | 309 |
| Between 2000 and 2999 KM | 535 | 395 |
| Between 3000 and 3999 KM | 785 | 580 |
| Between 4000 and 7999 KM | 1188 | 1188 |
| 8000 KM or more | 1735 | 1735 |

The kilometres are calculated using the [Erasmus Distance Calculator](#).

3.2. The exact amount of the Erasmus Grant will be explained to the selected students in the Grant Agreements they will be required to sign.

3.3. Mobility grants will be paid by the University of Pavia as follows:

- The **individual support** will be paid **before the beginning of the mobility in presence**;
- The **travel support** will be paid **after the beginning of the mobility in presence**, provided that the participant has attended the Blended Intensive programme for its entire duration (**physical + virtual**) and s/he is able to provide travel documents (e.g. boarding passes) and the certificate of attendance.

The mobility grant is a fixed amount of money that cannot be incremented under any circumstances.

3.4. The University of Pavia will provide its outgoing students with insurance covering accidents, civil liability and other guarantees in accordance with its internal procedures.

4. ONLINE APPLICATION AND DEADLINE

The applicant is required to complete the online application form at the following link by the **18/02/2025** at 12:00 CET - noon.

[Application Form](#)

Incomplete applications will not be taken into consideration

5. EVALUATION AND SELECTION

The selection will be made by a joint Committee established within the **Department of Pharmacy** headed by the Professor in charge of the BIP for the University of Pavia (Prof. Giovanni Ricevuti).

The following criteria will be taken into consideration:

- Soundness and relevance of applicant's interest for the course, as expressed in a motivation letter;
- Relevance of applicant's educational records and expertise to the study program;
- The candidate's level of preparation as assessed through the submitted documentation.

In case of equal evaluation between two candidates, the Evaluation Commission reserves the right to give priority to those applications which add to the diversity of the study programme in terms of gender balance, year of study, and variety of mobility experience.

The Committee reserves the right to check the validity of declarations and supporting documents. False statements may lead to exclusion from the selection process and the award of the scholarship.

Each applicant will be notified about selection results and the grant in due time, via the email address provided in the application.

UNIVERSITÀ
DI PAVIA

Selected applicants must then officially accept the awarded grant by answering via email.

6. PERSONAL DATA TREATMENT

Personal data submitted by the applicants will be used solely for application and selection procedures and institutional aims, and will be treated in accordance with the European General Data Protection Regulation no. 2016/679 art. 13.

7. PERSON RESPONSIBLE FOR THE PROCEDURE AND INFORMATION

Responsible for the administrative procedure, pursuant to Law 7 August 1990, n. 241 as amended by Law n. 15/2005 is Ms. Michela Cobelli, Head of the International Mobility Unit.
